

Biohacker's Black Book Directory

Welcome to the fully loaded edition of the Biohacker's Black Book -- the most complete underground directory of companies, gear, and wild tech built to upgrade the human experience.

Neurotech & Brain Enhancement

Kernel

Location: USA

Focus: Non-invasive neuroimaging technology

Website: <https://kernel.com>

OpenBCI

Location: USA

Focus: Open-source EEG/BCI platforms

Website: <https://openbci.com>

Muse

Location: USA

Focus: EEG headbands for meditation

Website: <https://choosemuse.com>

Emotiv

Location: USA

Focus: Wearable EEG for brain monitoring

Website: <https://www.emotiv.com>

NeuroSky

Location: USA

Focus: Biosensors for brain-computer interfaces

Website: <http://neurosky.com>

Thync Global, Inc.

Location: USA

Focus: Wearable neurostimulation for mood and energy

Website: <https://www.thync.com>

Moodmetric

Location: Finland

Focus: Smart ring for emotional response tracking

Website: <https://www.moodmetric.com>

Nootropics & Cognitive Enhancers

HVMN

Location: USA

Focus: Ketones and nootropic stacks

Website: <https://hvmn.com>

Qualia Mind

Location: USA

Focus: Comprehensive cognitive support

Website: <https://neurohacker.com>

Mind Lab Pro

Location: USA

Focus: Universal nootropic formula

Website: <https://mindlabpro.com>

NeuroBoost IQ

Location: USA

Focus: Brain supplement for memory/focus

Website: #

Neuriva

Location: USA

Focus: Clinically supported brain health supplement

Website: <https://neuriva.com>

Ketone-IQ

Location: USA

Focus: Ketone-based brain and body fuel

Website: <https://hvmn.com/products/ketone-iq>

Tru Niagen Pro

Location: USA

Focus: Nicotinamide riboside supplement for cellular energy

Website: <https://www.truniagen.com>

Wearables & Health Monitoring

Oura Ring

Location: Finland

Focus: Smart ring for recovery and sleep

Website: <https://ouraring.com>

WHOOP

Location: USA

Focus: Fitness tracker for strain, recovery, and sleep

Website: <https://whoop.com>

Apollo Neuro

Location: USA

Focus: Vibration-based wearable for stress and focus

Website: <https://apolloneuro.com>

Empatica

Location: USA

Focus: Medical-grade physiological monitoring wearables

Website: <https://www.empatica.com>

BioSerenity

Location: France

Focus: Smart clothing with biometric sensors

Website: <https://www.bioserenity.com>

Biolineq

Location: USA

Focus: Minimally invasive CGM biosensor patch

Website: <https://www.biolineq.com>

Pulsetto

Location: Europe

Focus: Vagus nerve stim device for stress relief

Website: <https://getpulsetto.com>

Implants & Bio-Interfaces

VivoKey

Location: USA

Focus: Implantable NFC identity chips

Website: <https://vivokey.com>

Dangerous Things

Location: USA

Focus: DIY RFID/NFC implant kits

Website: <https://dangerousthings.com>

Grindhouse Wetware

Location: USA

Focus: Open-source biotech implants

Website: <https://grindhousewetware.com>

Neuralink

Location: USA

Focus: Neural brain-machine interface (Elon Musk)

Website: <https://neuralink.com>

Biohacking Kits & Health Optimization

The ODIN

Location: USA

Focus: CRISPR and genetic experiment kits

Website: <https://the-odin.com>

Viome

Location: USA

Focus: Microbiome testing and nutrition guidance

Website: <https://viome.com>

Levels

Location: USA

Focus: Real-time glucose monitoring system

Website: <https://levelshealth.com>

NutriSense

Location: USA

Focus: Metabolic monitoring with CGM

Website: <https://nutrisense.io>

Experimental & DIY Biohacking

Biohacker Center Store

Location: EU

Focus: Biohacking tools, supplements, and tech

Website: <https://biohackingstore.com>

Thriveport

Location: USA

Focus: Tools like Moodmetric for emotional tracking

Website: <https://www.moodmetric.com>

Nuanic

Location: EU

Focus: Tech-biology integrated wellness solutions

Website: <https://nuanic.com>

TrackMyStack

Location: Global

Focus: Platform for tracking supplement stacks

Website: <https://trackmystack.com>
